

New! B-Virtual Remote Proctoring

You may take your assessment in the privacy of your home using a remote proctoring service, B-Virtual. All you need is a computer, a web cam and a high speed Internet connection. No additional software is required prior to your test session appointment. There is an additional \$25 fee for this service which you will pay when you register for your exam with the virtual service provider. If you would like this option, [please fill out this online form](#) to begin the process. After you fill out the form, we will send further instructions via the email address you provide.
