Garden & Home

What's Wrong with My Plant?

What's wrong with my plant? And how do I fix it? are the most frequent and frustrating questions all gardeners ask, whether growing vegetables, fruit trees, ornamentals, houseplants, or all of the above. Fortunately help is at hand. Accurate diagnosis of garden problems frustrates any gardener who desires non-toxic, organic solutions. Everyone can learn simple techniques to accurately diagnose problems with growing conditions, pests, or diseases of plants. And, even better, learn what to do about them.
